Introduction

The **SignOn Manager program** is designed for a touch-screen "All in One" computer, but of course can also be used with a keyboard and mouse.

- Enables quick race Sign In for all competitors.
- Shows the race status (e.g. "Next Race is ..")
- During a race start sequence, it shows the race time and which fleets have started, and any that have been Recalled.
- At the end of a race, shows the finish order - the "on-the-water" finish positions.

Tap links on each page, coloured ORANGE, to get more information!

Sign IN or OUT for the EVENT

EVENT SIGN IN or OUT

If the Race programme allows then you can *Sign In and Sign Out for multiple races in an Event* .

This is usually enabled for Open meetings, where a number of visitors are expected.

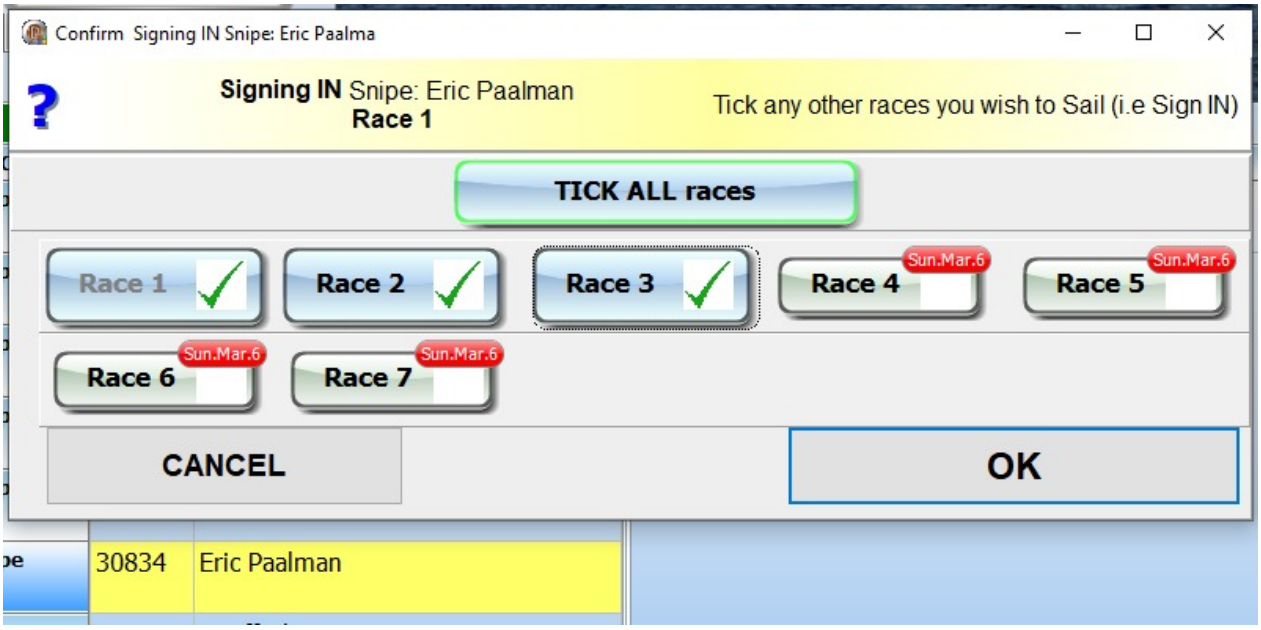
The only visible change is that the Sign In confirmation window will show several races, and you can Sign in to all the races shown.

Each race has a button, simply click any race button to select or de-select.

To Join the WHOLE Event click "Tick ALL Races"

Buttons for future races (that have NOT started) are enabled. - If a race is "in progress" or "finished" etc. the button will be colored gray and disabled.

Example: on Sat March 5th, Race ONE has been opened for SignON so Race 1 button is (automatically) selected. Eric has also ticked Race 2 and Race 3



NOTES:
Since Version10 (since March 2022) Also enables "Multi-Day Events"

Signing OUT

If you decide NOT to sail the current race, then find your boat in the normal way. The "Event Sign Out" screen is shown below

Example: Race 1 button is (automatically) cleared. Eric can de-select Race 2 and Race 3 as well if wished, or just click "CLEAR ALL Races" to sign out of all future reces shown.

Sign OUT

How to Sign OUT of the current race (only)

See Also: Sign IN or OUT for the EVENT

If you decide NOT to race after signing in.

When you CAN see your boat in the Race List:

Just tap the "***Signed-In***" check-box against your boat to sign out

If you CAN'T see your boat in the Race List:

Select your boat just like Signing IN (tap *Helm* or *Sail Number*)
When your boat is found, tap the ORANGE ***Sign Out*** button on the keyboard or numeric pad.
(The normal yellow SignIN button changes to orange SignOUT when the selected boat is already in the race!)

POWER FAILURE Recovery

If the Mains Electricity fails for a short period, the PRO PC will continue (has backup supply for approx 15 minutes) but **the SignON PC will shutdown**.

If power is restored shortly simply **start the SignON PC again** and it will "replay" the current race and recover, and load all sailors that were signed in.

Example - if SignOn is "Open" when it crashes the SignOn PC will re-open SignON for the correct race and recover the list of boats sailing in that race.

Any Sailors using Remote SignOn will also be in the list.

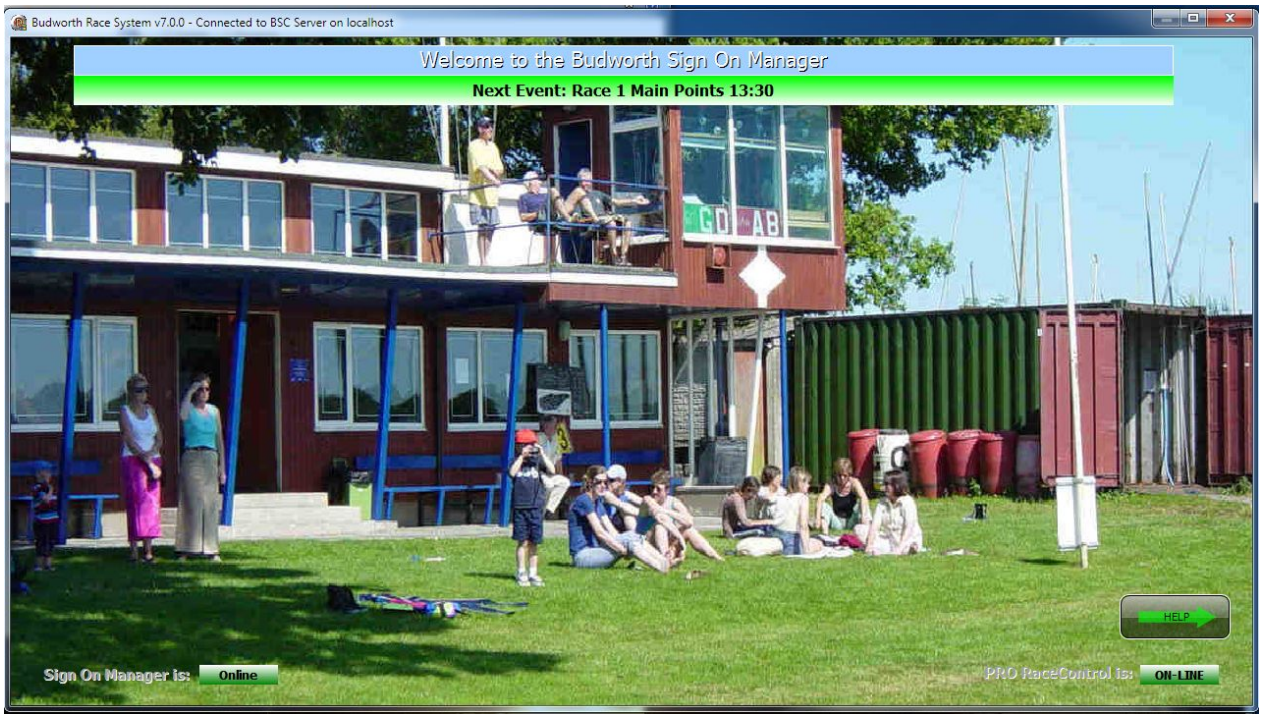
Between Races

Sign On Manager - Between Races

When Sign IN is not open for a race the screen will show the status of any selected current race and (if not the first race) the results of the last race.



Created with the Personal Edition of HelpNDoc: Free Web Help generator

Sign In is Open

The SignOn OPEN screen.

When the Race Officer opens the SignIN, the screen below will appear and all competitors can now sign in to the race shown (race details in the green bar below)

Usually a separate SignIN is needed for each race (as shown in the red bar below)

The race programme can be set so that a single SignIN is used for several races. In this case the left-hand bar will be coloured GREEN rather than red, and state that the sign in is for the *Event*
